## 📄 PROFILE

Mobile Solution Development Co-op Graduate and a software developer with hands-on experience gained through a growth-oriented internship during bachelor's and post-graduation degree in technology. Recognized by mentors and peers for demonstrating a strong passion for innovation and teamwork while working with a great organization as a java software developer. Winner of best Capstone Project in which around 100 students participated and my team was declared the only winner. It was a client project, and I was awarded for maintaining the agile methodology, best UI, best backend performance, and excellent presentation and technologies along with features used.

## 📁 PROFESSIONAL EXPERIENCE

01/2022 – 04/2022
